DIGGING DEEPER DESCRIPTION

With Desiree Guyton & Phil Monroe

Generational Trauma: Digging Deeper into Historical Components of Lesson 0

Description: This session will go deeper into effects of generational trauma on people with more and less power, then digging into pains of the past section in Lesson 0 to help facilitators manage leading this section. We will examine and discuss societal systems structured to discriminate against powerless people groups and how those systems are being passed down generationally. We will outline and discuss ways to handle various questions surrounding these sections.
